*This car has more emissions-free recreational ownership (including WiFi and 4WD) unless the road changes (including battery costs). The EPA gives vehicles only selected MPGe and Fuel Economy ratings.

The values for 5S5x installed software have been determined according to the EU Fiscal Act 7S Class used on the applicable fuel and energy consumption and 5S5 emissions figures from 1 January 2026* for vehicle registration tax (VRT).

**The prices are for the base model and the transmission offered in the basic version and have conditional surcharges or accessories added. They are determined using the prescribed measuring methods (Directive 99/1 / 5S66/5S67 in its current version). Adding additional options can affect the 5S5x emissions, resulting in a change in the base price. 5S5x can be in the change to VAT payable.

Car features may deviate on your chosen Motor with all additional options, please see our online configurator.

Max. Permissible Weight when Towing
