FOR A LIFE WITH A DRIVE.

SPORTY DESIGN OCCUPIES SPACE. THE BMW 2 SERIES ACTIVE TOURER AND GRAN TOURER EXHIBIT EVERYDAY PRACTICALITY WITH DRIVING PLEASURE. THEY OFFER YOU PLENTY OF SPACE FOR YOUR ACTIVE LIFESTYLE WITHOUT HAVING TO GIVE UP ANYTHING: NEITHER THE TYPICAL BMW DRIVING DYNAMICS NOR THE SPORTY AND EXPRESSIVE DESIGN.

IN ADDITION, YOU BENEFIT FROM FLEXIBILITY THAT ADAPTS TO YOUR NEEDS. FOR EXAMPLE, THE THIRD ROW SEATING OFFERS GREATER CONVENIENCE IF YOU TRAVEL WITH UP TO SEVEN PEOPLE¹. AND IF YOU CARRY A LOT OF LUGGAGE, THERE IS PLENTY OF SPACE TO USE TOO. EXPERIENCE SPORTY FUNCTIONALITY. **IN THE BMW 2 SERIES ACTIVE TOURER AND GRAN TOURER.**

¹ Only available for the BMW 2 Series Gran Tourer.

■ Standard equipment □ Optional equipment

□ The electric Panoramic sunroof provides a better view and allows a great deal of light into the interior, lending it a particularly spacious and open ambience. It has an automatic integrated wind deflector, sun protection via heat-reflecting glass and sliding headlining. It also has a slide and tilt function and is conveniently opened and closed via the remote key or one-touch function. Standard for 225xe Sport Premium and M Sport Premium models.

■ The third row seating, with two individually folding and forward-facing seats, offers room for two additional passengers. To ensure good access, the second row of seats can be folded forwards with the easy-entry function. (Only available for BMW 2 Series Gran Tourer).

■ The through-loading system with rear seat backrests that can be folded down in a 40:20:40 split, guarantees flexibility when transporting bulky objects.

□ BMW Icon Adaptive LED Headlights include low and high-beam headlights (BI-LED), side lights and indicators.

■ LED foglights at the front are very similar to daylight and enable the driver to see better and drive more safely in inclement weather.

□ The seven-speed dual-clutch automatic transmission offers smooth gearshifts and outstanding driving comfort, all with low fuel consumption. (Only for 218i and 216d models).

■ The six-speed automatic transmission with electronic selector-lever ensures greater driving comfort, smoother gearshifts and low fuel consumption. (Only for 225xe models).

□ The Head-up Display projects all relevant driving information onto a panel in the driver's field of vision which means they can remain focused on the road.³

□ BMW Navigation Plus features the latest generation of BMW navigation systems with iDrive 6 (ID6) software. It features a built-in 8.8" touch display and is operated intuitively using either the iDrive Touch Controller, the direct-selection short cut keys, eight favourite buttons or the touchscreen with interactive tiles.⁴

□ The Reversing Assist camera enables improved orientation when reversing at speeds below 12mph, for example, when parking. It shows the area behind the car on the Control Display. Interactive track lines for measuring distance and turning circles assist you when manoeuvring. Obstacles are marked in colour.

□ Enhanced Bluetooth with wireless charging offers comprehensive telephony with Bluetooth connectivity and the technical capacity for a wifi hotspot.¹

□ Wifi hotspot preparation enables the connection of mobile devices to the internet via the SIM card installed in the vehicle.²

□ Driving Assistant Plus provides a clear improvement in safety and comfort. It includes the functions of Driving Assistant plus camera-based Cruise Control with Stop&Go function as well as Traffic Jam Assist.⁵

□ Park Assist makes parallel parking easier. The system works by measuring potential spaces while driving past them at a low speed. When a suitable space has been found, Park Assist takes over steering while you are responsible for selecting the correct gear as well as pressing the accelerator and brake.⁶

¹ For smartphones without an inductive charging function, charging cases are available to purchase via BMW Accessories.

² The WiFi hotspot preparation fulfils all in-vehicle requirements for use of the internet with the maximum LTE standard. Usage is subject to cost.

³ Content shown will depend on the equipment options chosen. Further optional equipment is required to display specific items.

⁴ As part of BMW ConnectedDrive, in selected European countries, the system automatically updates maps for three years up to four times per year without incurring licensing fees.

⁵ Function may be limited in darkness, fog or bright glare.

⁶ Only available in conjunction with Park Distance Control (PDC) front and rear or Driver pack.

Equipment 24 | 25

■ Standard equipment □ Optional equipment ○ Accessories

○ The modern **roof box in Black** with titanium Silver side panels has a capacity of 420 litres and is compatible with all BMW roof rack systems. Due to the fact that it can be opened from both sides and has triple central locking on each side it is convenient to load and lock for theft protection. BMW roof boxes in other sizes also available.

○ 19" BMW M Performance light alloy Double-spoke style 766 M wheels in Bicolour matt Black, bright turned.

○ **BMW Roof Bars** allow you to fit a range of items onto the roof of your car, including bike carriers and roof boxes.

○ The universal holder is adjustable in terms of size and it is snapped into position into the base carrier of the **Travel & Comfort System** that is available separately. It provides a secure hold for a wide range of Apple and Samsung tablets with Travel & Comfort tablet safety case. It can be rotated through 360°, tilted and fixed in the desired position.

○ The durable, anti-slip, water-resistant **fitted luggage mat** with raised borders on all sides protects the luggage compartment from dirt and moisture.

○ The perfectly fitted, **all-weather floor mats** with a raised border and elegant design protect the front footwell.

○ The foldable **Compact rear bike rack** is light but sturdy and can carry up to 60kg. It can be quickly and securely mounted on the tow ball and transport up to two bicycles or e-bikes. When folded up, it can be stored in the luggage compartment tray, safe from spray and protected in the event of a collision.
