**The new BMW X6.**

■ Standard equipment □ Optional equipment

## DRIVE PERFORMANCE CONTROL.

■ The Drive Performance Control offers the driver the choice between the standard COMFORT mode, ECO PRO Mode, geared towards efficiency, and SPORT mode, which enables even more dynamic driving.

## xOFFROAD PACKAGE.

□ The new BMW X6 features an xOffroad package that allows you to travel safely and quickly on the road as well as on less solid surfaces. Four selectable off-road modes adapt the all-wheel drive xDrive even more precisely to the current driving surface – for even better traction on sand, rocks, gravel or snow.

## INTEGRAL ACTIVE STEERING.

□ Integral Active Steering boosts manoeuvrability and agility at lower speeds while improving stability at higher speeds.

## ADAPTIVE 2-AXLE AIR SUSPENSION.

■ The Adaptive 2-axle air suspension allows automatic self-levelling adjustment of the suspension. The air suspension automatically keeps the vehicle at a constant height regardless of the weight of the load. It can also be raised or lowered manually at the touch of a button or via the BMW Display key.

## SPORT AUTOMATIC TRANSMISSION.

■ The eight-speed Sport automatic transmission offers incredibly sporty gear changes, both automatically and manually via the gearshift paddles on the steering wheel. In SPORT mode and with the gear lever in the left-hand S/M position, the gear shifts are configured for maximum performance.

## INTEGRATED BRAKING SYSTEM.

■ The integrated braking system is characterised by a sporty brake pedal feeling and particularly quick control interventions. It combines the functions of brake actuation, brake force amplification and the brake control system (DSC) in a compact and weight-optimised brake module. The integrated braking system achieves short stopping distances.

■ For maximum traction, driving dynamics and safety, the **BMW xDrive all-wheel drive system** provides variable drive power distribution to the front and rear axles.

□ The **Adaptive M suspension** can be electrically adjusted at any time to suit the road and driving conditions. You can also adjust the suspension characteristics via the Drive Performance Control to enable your preferred driving style at the time – from comfortable to extremely athletic with markedly agile handling. Standard for M50i and M50d models.

□ The **Adaptive M Suspension Professional** combines the technology of body roll stabilisation and Integral Active Steering. The result is the ultimate in driving stability and dynamics.

□ The **M Sport differential** optimises traction and driving stability when changing lanes or accelerating out of a bend, when taking bends at high speeds or on different road surfaces. Smoother transitions are ensured even with sudden steering movements. Optional for Sport and M Sport models, only with Adaptive M Suspension Professional or xOffroad package. Standard for M50i and M50d models.

# DRIVER ASSISTANCE.

□ **Driving Assistant Professional<sup>1</sup>** provides camera/radar based support for all driving situations. The Steering and lane control assistant supports the driver by using corrective steering to stay in the middle of the lane. Also includes Active Cruise Control and automatic Speed Limit Assist. Lane keeping assistant with active side collision protection assists the driver in keeping in lane and actively prevents potential side collisions. Crossing traffic warning (front) warns of crossing traffic while leaving/entering a parking space as well as when turning into crossing traffic with restricted visibility. Evasion aid assists in critical approach situations when evading is still possible. Crossroads warning with city braking function assists in a potential collision with intersecting traffic. Crossing traffic warning (rear) warns of potential collision with intersecting traffic when reversing out of parking spaces. Rear collision prevention detects the potential of rear collision via rear sensors and warns traffic behind the vehicle by activating hazard lights. Wrong-way warning detects 'No entry' signs and issues a warning.

□ The **Steering and Lane Control Assistant** can be activated to support the driver in keeping to the middle of the lane by means of corrective steering interventions. Available as part of Driving Assistant Professional.

□ The **Crossing Traffic Warning for the front** warns the driver of crossing traffic while leaving or entering a parking space as well as while turning into crossing traffic in situations with limited visibility. It is active up to 4mph. Available as part of Driving Assistant Professional.

□ **Parking Assistant Plus** makes parking and manoeuvring the vehicle easier. In addition to the functions of Parking Assistant, it features the Surround View system (including Top View, Panorama View and 3D View) as well as Remote 3D View. Only available as part of Technology package.

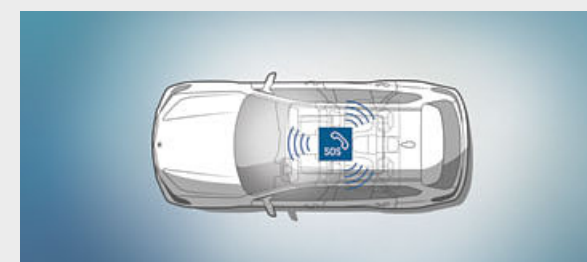

□ The **Reversing Assistant** stores the last 50m of the forward driven path up to 22mph so that it can be retracted if required. The driver is relieved of the steering work and can concentrate on monitoring the vehicle environment. Available as part of Parking Assistant.

□ The **BMW Drive Recorder** allows you to record a video of the vehicle's surroundings and play back on the Central Information display, or even on the CE device via USB export. Important vehicle information such as speed and GPS position are saved in sync with the video. Exclusively available as part of the Technology package.

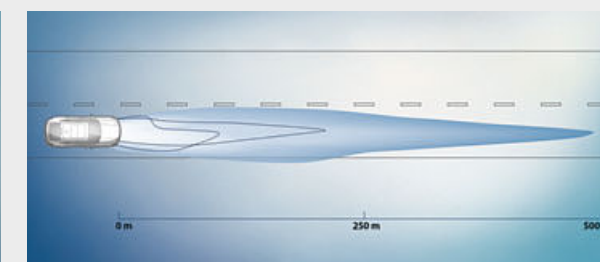

# SAFETY.

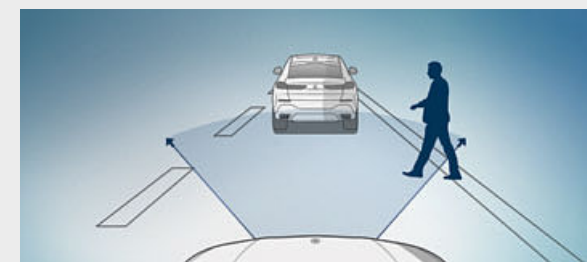

■ Standard equipment □ Optional equipment

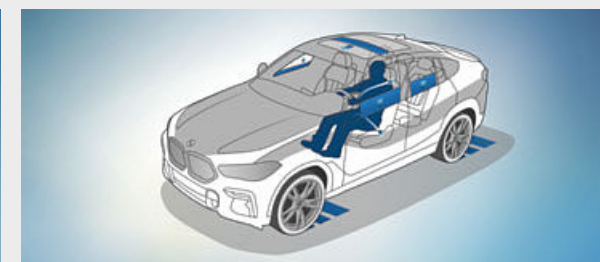

■ If there is an accident, time is of the essence. Intelligent Emergency Call reacts automatically if an accident occurs, quickly getting help for you and your passengers.

□ The Laserlights, featured in a unique X design, reach a maximum illumination range of up to 500m in laser high-beam mode.

■ **Active Guard Plus** includes the manual Speed Limit Device features including Speed Limit Info with no passing info and preview, Lane Departure Warning with steering impulse and Front Collision Warning with brake intervention.

□ **Active Protection** initiates protective measures for the occupants if an accident is imminent.

<sup>1</sup> Function may be limited in darkness, fog or bright glare.

# CONNECTIVITY AND INFOTAINMENT.

## BMW ConnectedDrive Connected to be free.

### CONNECTED MUSIC.

■ Listen to your favourite music wherever you are. Classical on the motorway, jazz during rush hour and pop when you're cruising. With Connected Music, you can directly stream millions of songs without any limits, courtesy of BMW's music partners Deezer, Napster and Spotify, using the SIM card installed in your vehicle.

### REMOTE SOFTWARE UPGRADE.

■ Do you want your BMW to be up-to-date with the latest software? With Remote Software Upgrade your BMW stays up-to-date and is future-proof. Convenient, reliable and stress-free without having to visit your BMW Service Centre. Upgrades are installed over-the-air, just as they are for your smartphone.

### BMW INTELLIGENT PERSONAL ASSISTANT.

■ 'Hey, BMW. Who are you?' The BMW Intelligent Personal Assistant is the soul of your BMW. It understands and supports you in many situations.

### PARKING PLACE ASSIST.

■ Trying to find a parking space close to your destination? This is an easy task with the Parking Space Assistant. It suggests empty spaces in large parking facilities or on the street and, based on your selection, finds the best route for you with the highest likelihood of an available space. You can also pay for parking cash-free using ParkNow.

### DIGITAL KEY.

□ Why take your key with you if you have your Android smartphone with you? The Digital Key or Key Card allows you to lock and unlock your BMW and even start the engine without needing a physical key. It can be downloaded to your Android smartphone using the BMW Connected App and shared with family and friends.

### INTELLIGENT FUNCTIONALITIES.

■ Intelligent Functionalities include Automate My Habits and Weather Guard. Automate My Habits memorises your preferred settings and can activate them automatically. Weather Guard warns the driver if the car is parked in adverse weather conditions via the BMW Connected App.

# COMFORT AND FUNCTIONALITY.

■ Standard equipment □ Optional equipment

□ The **luggage compartment package** includes automated sliding rails, fastening nets as well as an electronically adjustable luggage compartment cover. The automated sliding rails assist with loading cargo while the vehicle is stationary. The rails are also anti-slip to help secure cargo when the vehicle is in motion.

□ **Ambient Air** comprises a fragrance dispersal function and an air ionisation function. There are two selectable fragrances to choose from in the glove compartment. Additional fragrances can be ordered via BMW Accessories. Only available as part of Comfort Plus package.

□ The **Sky Lounge Panoramic glass sunroof** creates a generous sense of space during the day, while at night it lends an atmospheric mood with a light design consisting of more than 15,000 light elements. The light design can be switched between six predefined Ambient light colours.

□ The **acoustic glazing** on the front side windows complements the acoustic glazing on the front windscreen and significantly reduces the level of noise for everyone inside the vehicle. It minimises noise created by the outside surroundings and flow of air, as well as by the engine, tyres and windscreen wipers. Only with Sun protection glass.

□ The **Massage function** for driver and front passenger improves the physical wellbeing by stimulating or relaxing certain muscle groups. There are several massage programmes dedicated to different parts of the body. Only available as part of Comfort Plus package.

# SPORT.

Discover even more with the new BMW Brochures app. Available now, for your smartphone and tablet.

■ Standard equipment □ Optional equipment

■ The Sport leather steering wheel with three spokes features a Chrome Pearl Grey decorative trim. A thick rim and contoured thumb rests provide an exceptionally pleasant, high-grip feel. Multifunctional buttons include controls for radio and telephone. Standard for Sport models.

■ BMW Live Cockpit Professional with navigation function includes two high-quality displays consisting of a high-resolution 12.3" Control Display that can be operated by touch and a fully digital 12.3" instrument display.

□ The Comfort seats for driver and front passenger can be electrically adjusted in various ways. The top part of the backrest, the backrest width, thigh support and headrest height can be individually adjusted. The seats also include lumbar support and memory function for the driver and front passenger. Only available as part of Comfort or Comfort Plus packages.

□ The Massage function for driver and front passenger improves the physical wellbeing by stimulating or relaxing certain muscle groups. There are several massage programmes dedicated to different parts of the body. Only available as part of Comfort Plus package.

## Sport exterior equipment:

- M-specific vehicle key

■ 21" M light alloy Y-spoke style 741 M wheels with mixed, run-flat tyres, front 9.5J x 21 with 275/40 R21 tyres, rear 10.5J x 21 with 315/35 R21 tyres. Standard on xDrive40i and xDrive30d M Sport models.

□ 22" M light alloy Double-spoke style 742 M wheels, front 9.5J x 22 with 275/35 R22 tyres, rear 10.5J x 22 with 315/30 R22 tyres. Optional for M Sport, M50i and M50d models.

# THE NEW BMW X6 M50i.

Even more – of everything: the new BMW X6 M50i further intensifies the already unmistakable character of the BMW X6 in every respect. Equipped with the most powerful engine of the BMW X6 series – and the unmistakable sound from the M Sport exhaust system – it dominates the road from the very first metre. Thanks to a specifically tuned Adaptive M suspension, precise steering and an M Sport differential that improves traction, it easily makes potential competitors disappear in the rear-view mirror. Such a strong personality naturally enjoys an unforgettable appearance: specific features such as Kidney grille slats, exterior mirror caps, model designation, tailpipe trim and Air Breather in the M signature colour Cerium Grey set the standard for absolute athleticism. At the same time, design details such as the model designation on the illuminated door sill finishers, in the instrument cluster, on the centre console, on the engine cover and at the rear leave no doubt about the absolute high-performance ambitions of the new BMW X6 M50i.

■ Standard equipment □ Optional equipment

■ A breathtaking sight from the front: a special highlight is the lighting of the typical BMW double Kidney grille. With Kidney grille slats and a Kidney grille frame in the M signature colour Cerium Grey, the front of the new BMW X6 M50i is both elegant and consistently sporty.

■ Illuminated door sill finishers with the M50d/M50i designation in the front.

■ The quadrilateral tailpipes are painted in the M signature colour Cerium Grey and already visually arouse the desire for the rich sound of the M Sport exhaust system.

■ The BMW TwinPower Turbo eight-cylinder petrol engine combines two turbochargers with Valvetronic fully variable valve control and high-precision direct injection. Its peak output is 530hp (390kW) with a maximum torque of 750Nm. The two turbochargers are compactly positioned between the cylinder banks.

# BMW INDIVIDUAL.

THE EXPRESSION OF PERSONALITY.

Fine, mysterious, timeless: the BMW Individual Full Merino leather in Black presents an air of luxury throughout the cabin - a personality that appreciates special things.

An expression of perfection: the 22" BMW Individual light alloy V-spoke style 746 I wheels create the ideal sense of luxury across every metre of tarmac.

The interior trim BMW Individual fine-wood Fineline Black with Aluminium inserts is characterised by its extremely high-quality appearance.

BMW Individual offers you a variety of options to customise the new BMW X6 according to your personal wishes. A degree of customisation is in your hands. Add your personal driving experience to the typical BMW driving pleasure. Choose what suits you the most from particularly high-quality equipment options: exclusive BMW Individual exterior trims and roof rails that show style and confidence. Soft, voluminous leather upholstery, luxurious headlining and an interior trim turn the interior into your personal space. With a generous selection of combinations there is certain to be a style that suits your personality - thanks to BMW Individual.

# EQUIPMENT HIGHLIGHTS.

Discover even more with the new BMW Brochures app. Available now, for your smartphone and tablet.

■ Standard equipment □ Optional equipment

□ The BMW Iconic Glow Kidney grille visually highlights the front of the vehicle, especially in the dark. LED fibre technology illuminates the radiator grille, which is so characteristic of BMW. The feature can also be used whilst driving. Also available in combination with the M Sport Plus package as a package alternative.

■ The rear lights are made up of individual high-performance LED lighting elements. They have the characteristic, striking BMW L-shape, meaning that the vehicle is clearly recognisable as a BMW even in the dark.

□ BMW Individual High-gloss Shadowline with extended contents includes the BMW Kidney grille as well as the tailpipe trims in High-gloss Black.

□ The M Carbon rear spoiler emphasises the vehicle's powerful, sporty design and reduces aerodynamic uplift. Optional for M Sport, M50i and M50d models.

□ The M Carbon mirror caps emphasise the powerful, sporty design of the vehicle. Only available for M Sport, M50i and M50d models.

□ In laser high-beam mode, the Laserlights, featured in a unique X design, illuminates a range of up to 500m, nearly twice as far as that of conventional headlights. Better visibility in the dark significantly increases safety. The Blue X signature and the "BMW Laserlight" lettering underline the vehicle's technological standards. Only available as part of Visibility package.

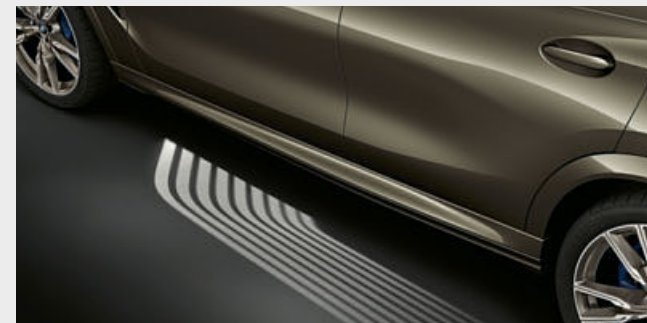

□ In warm weather, the seat ventilation for the front seats provides a cool and pleasant seat temperature, resulting in a more comfortable driving experience. The intensity of the airflow can be adjusted. The perforated surfaces are made of Vernasca leather. Only available as part of Comfort Plus package with Comfort seats.

□ The BMW Individual High-gloss Shadowline roof rails add a premium-quality touch. Lying flat on the roof, it forms the basis for a multifunctional BMW roof rack unit that carries a roofbox, bicycles and surf boards easily and securely. Only available for M Sport, M50i and M50d models.

■ The High-gloss Shadowline exterior trim includes numerous equipment details in High-gloss Black. The side window decorative moulding, window recess finishers, B- and C-pillars, window guides and mirror bases all feature these decorative elements.

■ The Welcome Light Carpet function projects an ambient light design in front of the vehicle doors and creates a surrounding welcome ambience right at the entrance. The light carpet also makes getting out in the dark even more comfortable.

□ The CraftedClarity glass application comprises handmade glass elements that visually enhance the interior. The details of the gear selector, Volume control, iDrive Controller and Start/Stop button are made of polished glass elements.

# EQUIPMENT HIGHLIGHTS.

Discover even more with the new BMW Brochures app. Available now, for your smartphone and tablet.

■ Standard equipment □ Optional equipment

■ Concierge Service, Remote Services, Real Time Traffic Information, Apple CarPlay® preparation or perhaps In-Car Experiences? Why order individual options when you can have everything together? With the Connected Package Professional, you can enjoy these services from BMW ConnectedDrive as well as free additional services to test.

□ The Bowers & Wilkins Diamond Surround Sound System with two Diamond Dome tweeters features outstanding studio-quality sound for every seat in the vehicle. 20 carefully positioned speakers with a total output of 1,475 watts provide a mesmerising sound experience. Individual speakers are highlighted with specific illumination, visually emphasising the system's outstanding sound quality. Only with Technology package.

■ Dynamic and comfortable: the standard and individually adjustable Sport seats for the driver and front passenger feature numerous electric adjustment options, including backrest width and seat angle. Together with adjustable thigh support, the taller seat and backrest bolsters provide excellent ergonomics and more lateral support during cornering.

□ The Comfort seats for driver and front passenger can be electrically adjusted in various ways. The top part of the backrest, the backrest width, thigh support and headrest height can be individually adjusted. The seats also include lumbar support and memory function for the driver and front passenger. Only available as part of Comfort or Comfort Plus packages.

■ BMW Live Cockpit Professional with navigation function includes two high-quality displays consisting of a high-resolution 12.3" Control Display that can be operated by touch and a fully digital 12.3" instrument display.

□ The full-colour Head-up Display projects all information relevant to the journey directly into your field of vision, allowing you to fully concentrate on driving. Information such as the current speed, navigation directions, Speed Limit Info including no-overtaking indicator, along with telephone and entertainment lists can be displayed.

□ Driving Assistant Professional offers camera/radar based support for all driving situations. The feature includes Steering and lane control assistant, Active Cruise Control with automatic Speed Limit Assist, Lane keeping assistant with active side collision protection, Crossing traffic warning (front), Evasion aid, Crossroads warning with city braking function, Crossing traffic warning (rear), rear collision prevention and Wrong-way warning.<sup>1</sup>

□ The BMW Drive Recorder allows you to record a video of the vehicle's surroundings and play back on the Central Information display, or even on the CE device via USB export. Important vehicle information such as speed and GPS position are saved in sync with the video. Exclusively available as part of the Technology package.

□ The temperature-controlled cupholders in the centre console can individually cool or keep stored beverages warm. The temperature control is activated via buttons on the left and right. The ambient lighting also indicates the function (blue for cooling or red for heating). Only available with Comfort or Comfort Plus packages.

□ Rear seat entertainment features two tilting independent high-definition 10.2" touch screens in the rear with a Blue-Ray drive. Operation is by remote control and includes separate connection options for smart phones, tablets, MP3 players, USB devices and headphones.

□ The Sky Lounge Panoramic glass sunroof creates a generous sense of space during the day, while at night it lends an atmospheric mood with a light design consisting of more than 15,000 light elements. The light design can be switched between six predefined Ambient light colours.

■ Ambient lighting, including Ambient contour lighting in the front and rear doors, creates a relaxed, cosy lighting atmosphere in the interior. The Welcome Light Carpet illuminates the area in front of the vehicle doors when entering and exiting. Six different light designs in White, Blue, Orange, Bronze, Lilac and Green are available.

<sup>1</sup> Function may be limited in darkness, fog or bright glare.

# GENUINE BMW ACCESSORIES.

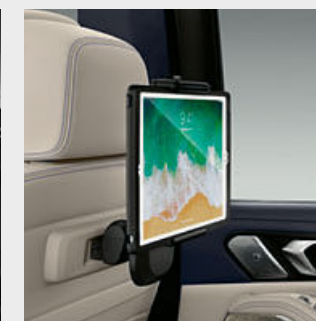

■ Standard equipment □ Optional equipment ○ Accessories

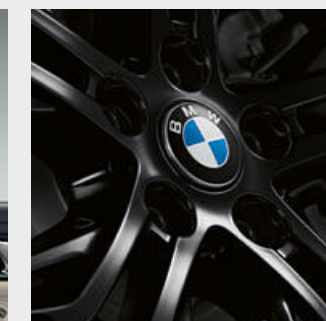

○ This contemporary roof box in Black with titanium silver side trims has a 520-litre capacity and fits all BMW roof rack systems. It can be opened from both sides and features triple central locking on each side which makes it easy to load and provides anti-theft locking.

○ The BMW Advanced Car Eye 2.0 is a highly sensitive full-HD camera that watches over events in front of and behind the car, even when it is parked. In the event of disturbances and extraordinary movement outside the vehicle, the camera automatically records the situation in order to document possible accidents or (attempted) break-ins.

○ Secure hold for tablets with BMW safety case. The adjustable holder is mounted into position into the basic carrier or into the optional Travel & Comfort System.

○ The floating hub cap consists of the BMW logo that no longer turns with the wheel but instead remains level.

○ The high-quality 22" M Performance light alloy wheels Star-spoke style 749 M are weight-optimised with flow forming and designed in Jet Black matt with the M Performance lettering and the colour M logo. TPMS summer complete wheel set, wheel size 9.5J x 22 with tyre size 275/35 R22 104Y XL at the front and 10.5J x 22 with 315/30 R22 107Y XL at the rear.

○ Anti-slip, water-resistant mat for protecting the luggage compartment from dirt and moisture. In black with stainless steel inlay matching the interior.

○ Precisely fitting protection against moisture and dirt in the footwell. Featuring a Black design, they perfectly complement the interior.

# PACKAGES.

BMW packages are designed to create greater convenience, functionality, desire and comfort on any drive. Included in the new BMW X6, there is certain to be a package that is tailored to your personality. With options ranging from the utmost in advanced driving assistance system from BMW to the incredibly comfortable driver-oriented cockpit, this generous selection of combinations will enhance any journey in your new BMW X6.

■ Standard equipment □ Optional equipment

## □ COMFORT PLUS.

At your leisure you can enjoy all the benefits from the Comfort package as well as a few extra options. The new BMW X6 allows you to fully embrace pure driving pleasure, and thanks to the Comfort Plus package, you can truly experience a premium atmosphere both inside and outside of the vehicle.

Comprises:

- All contents from Comfort package
- Soft close doors
- Seat ventilation, front
- Automatic air conditioning with four-zone control
- Ambient air
- Massage function, front

## □ M SPORT PLUS PACKAGE.

Enhance your new BMW X6 M Sport model with the M Sport Plus package. This generous offering allows you to combine a selection of visual and performance upgrades to deliver the ultimate BMW experience.

This package comprises:

- Sun protection glass
- 22" M light alloy Double-spoke style 742 M wheels, Bicolour with mixed tyres
- M seat belts
- Active Protection
- BMW Individual High-gloss Shadowline with extended contents

Alternately available:

- BMW Iconic Glow Kidney grille

## □ TECHNOLOGY PACKAGE.

Offering the latest innovations, the Technology package is the perfect companion on any journey. From the crisp sound of the harman/kardon loudspeaker system, to the convenience of viewing information on your vehicle's status and controlling selected functions with the BMW Display key, this package combines functionality with practicality to suit you.

Included within the package:

- BMW Display key
- Parking Assistant Plus
- BMW Driver Recorder
- Head-up Display
- Loudspeaker system - harman/kardon

Alternately available at a cost:

- Bowers & Wilkins Diamond Surround Sound System

## □ COMFORT PACKAGE.

The Comfort package combines convenient and innovative functionality with pure comfort. You can now access your car with keyless entry thanks to Comfort Access.
