

Table with columns for Model Code, Model Description, Standard Transmission, Base RRP, OTR From, Maximum Base RRP, Maximum OTR, VRT Banding, Minimum CO2 WLP, Maximum CO2 WLP, NOx Values, Base RRP From, OTR From, Maximum Base RRP, Maximum OTR, VRT Banding, Minimum CO2 WLP, Maximum CO2 WLP, NOx Values. Rows are organized by transmission type (Standard and Optional) and series (1, 2, 3, 4, 5, 6, 7, 8, 9, X).

\*The on-road price is based on the recommended retail price (including VAT and VRT) and on the road charges (including delivery costs). The OTR price includes any selected third-party options (if applicable).
\*\*These prices are for the base model with the transmission offered in the base version without additional options or accessories added. They are determined using the prescribed measuring methods (Directive 80/128/EEC in current version). Adding additional options, resulting in a change in the base price of the car due to the change in VRT values.
