*The air tax is based on the recommended retail price (including VAT and on the road charge (including delivery costs). The CO2 price includes any selected third-party offers (please see below).

The values for CO2 emissions (above) have been determined according to the WLTP test. WLTP has been used as the applicable fuel and energy consumption and CO2 emissions figure from 1 January 2021 for vehicle category (VKT).

**These prices are for the basic model with the specifications referred to in the table, unless otherwise indicated. They are determined using the prescribed measuring methods (Directive 2017/1369 / 1282 / 1282 in its current version). Adding additional options can affect the CO2 emissions, resulting in a change in the base price of the car due to the change in VAT payable. For full pricing details on your desired vehicle with all additional options, please see our online configurator: <https://www.ford.com/en/online-configuration>
